1988 INPUT FISSP CONFERENCE
EVALUATION FINDINGS

1. Thursday, June 9, 1988

* Federal Infromation Technology Forecast (out of 36)

Excellent	Good	Fair	Poor
56%	42%	2%	

* Managing Change in Information Technology (out of 37)

Excellent	Good	Fair	Poor
41%	38%	13%	8%

* Directions in Large Systems Integration (out of 37)

Excellent	Good	Fair	Poor
35%	43%	22%	

* Information Processing at NASA (out of 36)

Excellent	Good	Fair	Poor
28%	61%	11%	

* An Overview of the Technology Market Place (out of 33)

Excellent	Good	Fair	Poor
6%	39%	49%	6%

* Software Management - Osolescence vs. "Wellness" (out of 34)

Excellent	Good	Fair	Poor
6%	44%	41%	9%

* FISSP (out of 34)

Excellent	Good	Fair	Poor
37%	56%	7%	

Friday, June 10, 1988

* Navy's Future in Information Systems (out of 34)

Excellent	Good	Fair	Poor
81%	19%		

* Networking - the Solution and the Challange (out of 29)

Excellent	Good	Fair	Poor
21%	52%	21%	6%

* The Securities and Exchange Commission Edgar Project (out of 25)

Excellent	Good	Fair	Poor
36%	52%	21%	6%

2. Scale of 1(low) to 5(high)

* Quality and usefullness of material presented (out of 35) 3.7%

* Overall format of conference (out of 34) 4.02%

* Hotel accomodations (out of 17) 4.4%

* Responsiveness of INPUT staff (out of 34) 4.88%

* Conference location (out of 35) 4.65%

* Overall conference rating (out of 34) 4.02%

*** Comments From Thursday, June 9, 1988**

* Managing change in information technology, Disvasion had no relationship to handout material. (two responses)
* An overview of the technology Market place, not very useful.

* Federal information technology Forecast, needs more time/more handouts (two responses)

* Mr. McCord's presentation was very interesting.

* Mr. Rice gave an excellent overview of NASA.

* John Frank was superb. (two responses)

* Frank McDonough was great. (two responses)

* Overall good session (four responses)

* Great speaker (two responses)

*** Comments From Friday, June 10, 1988**

* Networking did not probide answers to networking problems - what will the future bring.(two responses)

* Good overview (two responses)

* Excellent speakers (four responses)

* No need for CSC pitch.

* Mr. Lanes presentation was too technical. (two responses)

* Mr. Schloughs presentation was interesting.

* Navy was excellent. (two responses)

* Outstanding Presentations. (two responses)

* Title of conference a bit misleading. Felt that it was more of a market forecasting type of conference, although very beneficial.

* Speaker should have been able to use slides.

3. In order to provide maximum benefit to your Firm, in what month do you suggest this conference be held?

* June (fourteen responses)

* May (six responses)

* November

* January

* Non - Summer

* March

* July

4. What did you like most about the conference?

* Food
* Frank McDonough (two responses)
* Market Forecast (five responses)
* Policy and direction insite given by major agencies.
* Custom presentation from GSA & Wang
* Organized (five responses)
* Good mix of speakers between Govt. and Industry (five responses)
* Opportunity to meet important professionals (five responses)
* INPUT's people (four responses)
* John Frank (three responses)

5. What did you like least about the conference?

* Notebook section
* Audience Partisapation
* Program discusion
* Booz Allen & CSC
* Presentation by Brenda M/S MAS
* Presentation seemed light on credibillity (six responses)
* To many breaks and they were to ong (four responses)

6. What conference changes/improvements would you suggest?

* Investigate DOE (two responses)

* More Gov't. speakers (eight responses)

* More care in notebook information

* Increase DOD (four responses)

* Split the gov't. and industry speakers.

* More on industry trends.

* Fewer and shorter breaks (three responses)

* Inprove data clarity (three responses)

* Eliminate super - tech type presentations.

1988 INPUT FISSP Conference Evaluation Form

We ask your help in evaluating the conference. Please complete this brief questionnaire and return it to Jan McDaniel at the end of the conference or leave it on the table outside of the meeting room.

Thank You!

Networking—the Solution . . . and the Challenge	☐	☐	☐	☐
The Securities and Exchange Commission Edgar Project	☐	☐	☐	☐

Comments on the above sessions

2. Please rate the following on a scale of 1 (low) to 5 (high):

2.6 Quality and usefulness of material presented

2.0 Overall format of conference

N/A Hotel accommodations

5 Responsiveness of INPUT staff

5 Conference location

2.5 Overall conference rating

See below

3. In order to provide maximum benefit to your firm, in what month do you suggest this conference be held? July/August - even though its hot in DC, you'll have a better idea of the Govt. next FY budget

4. What did you like most about the conference? Size & ability to mix with speakers & other attendees.

5. What did you like least about the conference? Generalized format

6. What conference changes/improvements would you suggest? The market characteristics of DoD & Civilian Agencies are so different that you may want to consider two conferences - or perhaps two tracks for common topics in the AM then separate conference into two sessions to discuss DoD & Civilian Agency topics.

Thank You!

Please return this completed form to Jan McDaniel at the end of the final conference session or leave it on the table outside of the meeting room.

Company Name SAIC

Your Name (optional) LEW TAYNTON

1. Please evaluate each session/presentation:

Thursday, June 9	EXCELLENT	GOOD	FAIR	POOR
Federal Information Technology Forecast (2)	X			
Managing Change in Information Technology		X		
Directions in Large Systems Integration	X			
Information Processing at NASA		X		
An Overview of the Technology Marketplace (1)			X	
Software Management—Obsolescence vs. "Wellness"		X		MISSED THESE
FISSP Dialogue		X		

Comments on the above sessions

(1) Not very useful (2) Needs more time / more handouts to provide more printed information —

Friday, June 10	EXCELLENT	GOOD	FAIR	POOR
Navy's Future in Information Systems	X			
Networking—the Solution . . . and the Challenge		X		
The Securities and Exchange Commission Edgar Project		X		

Comments on the above sessions

2. Please rate the following on a scale of 1 (low) to 5 (high).

4 Quality and usefulness of material presented

4 Overall format of conference

NA Hotel accommodations

5 Responsiveness of INPUT staff

5 Conference location

4 Overall conference rating

3. In order to provide maximum benefit to your firm, in what month do you suggest this conference be held?
No Opinion — After initial analysis of latest FA-115

4. What did you like most about the conference? John Kendall's information on trends — maybe too much information (too fast) ~~and more handout~~ material would be useful.

5. What did you like least about the conference? Several presentations were quite short (may need fill material in the future) eg short presentations by INPUT STAFF on selected topics.

6. What conference changes/improvements would you suggest? More on industry trends (INPUT staff presentations) — Maybe agency overviews as well — Expand first presentation.

Thank You!

Please return this completed form to Jan McDaniel at the end of the final conference session or leave it on the table outside of the meeting room.

The Securities and Exchange Commission Edgar Project	☐	☒	☐	☐

Comments on the above sessions

2. Please rate the following on a scale of 1 (low) to 5 (high).

3 Quality and usefulness of material presented

5 Overall format of conference

4* Hotel accommodations

5 Responsiveness of INPUT staff

4 Conference location

4 Overall conference rating

*Would be a 5 if it conformed with FTR regs.

3. In order to provide maximum benefit to your firm, in what month do you suggest this conference be held? April/May/June Time frame is good

4. What did you like most about the conference? A good breadth of expertise and impressions from varying cultures

5. What did you like least about the conference? Somewhat generic in nature, although it would be virtually impossible to "be all things to all people"

6. What conference changes/improvements would you suggest? Due to time constraints improvement margin seems limited. More (brief) floor question/answer periods would be a benefit

Thank You!

Please return this completed form to Jan McDaniel at the end of the final conference session or leave it on the table outside of the meeting room.

* Contract Tracking knowledge (budget line vs. contract award) from award thru mod activity would be useful during strategy sessions for competitive acquisitions

1988 INPUT FISSP Conference Evaluation Form

Navy's Future in Information Systems	☒	☐	☐	☐
Networking—the Solution . . . and the Challenge	☐	☐	☒ *	☐
The Securities and Exchange Commission Edgar Project	☐	☐	☒ **	☐

Comments on the above sessions

* While discussion was on the "challenge" aspect -- did not support the assumption that networking is a solution. ** This was a reasonable technical discussion, but didn't fit in with conference theme.

2. Please rate the following on a scale of 1 (low) to 5 (high).

4 Quality and usefulness of material presented

5 Overall format of conference

5 Hotel accommodations

5 Responsiveness of INPUT staff

5 Conference location

5 Overall conference rating

3. In order to provide maximum benefit to your firm, in what month do you suggest this conference be held? This time of year is just right.

4. What did you like most about the conference? See item 1. & 2. Also liked the many opportunities (breaks) to get to know other attendees, "talk shop" etc.

5. What did you like least about the conference? See item 1. Some of the presentors seemed light on credibility -- either because they didn't have the authority to implement what they advocate, or they didn't have ~~[illegible]~~ recognized backup on quoted statistics, etc.

6. What conference changes/improvements would you suggest? Try to improve on comment 5. problems.

Thank You!

Please return this completed form to Jan McDaniel at the end of the final conference session or leave it on the table outside of the meeting room.

Would be interested in a report on the impact of the multi-vendor, omnibus, tasking-type contracts — pros and cons for the customers and the vendors.

1988 INPUT FISSP Conference Evaluation Form

We ask your help in evaluating the conference. Please complete this brief questionnaire and return it to Jan McDaniel at the end of the conference or leave it on the table outside of the meeting room.

2. Please rate the following on a scale of 1 (low) to 5 (high).

5 Quality and usefulness of material presented

5 Overall format of conference

5 Hotel accommodations

5+ Responsiveness of INPUT staff

5 Conference location

5 Overall conference rating

3. In order to provide maximum benefit to your firm, in what month do you suggest this conference be held?
June Time Frame is latest

4. What did you like most about the conference?
informal interaction, Q+A with speakers, broad range of topics

5. What did you like least about the conference? Couple of speakers did not allow enough time for Q+A.

6. What conference changes/improvements would you suggest?
Would be very interested in follow up or awards to see if the projects met or exceeded expectations
Jim Keenan - AT&T has also some software that might be very useful to you in developing an on-line access to Text material. If interested call me at 201-658-2796.

Comments on the above sessions

Good linkage of concepts and actual projects by RADM QUAST.

2. Please rate the following on a scale of 1 (low) to 5 (high).

3 Quality and usefulness of material presented

4 Overall format of conference

NA Hotel accommodations

4 Responsiveness of INPUT staff

4 Conference location

3 Overall conference rating because this is not a gathering of executives but primarily middle management who implements & influences the business plans . . . it should be more specific & tangible.

3. In order to provide maximum benefit to your firm, in what month do you suggest this conference be held?
This is a good time to affect the next year's plans.

4. What did you like most about the conference? _____

5. What did you like least about the conference? _____

6. What conference changes/improvements would you suggest? _____
I would strongly suggest a greater emphasis on specific plans not necessarily ignoring the concepts. Both are necessary. EDGAR is a good example of specifics.

Thank You!

Please return this completed form to Jan McDaniel at the end of the final conference session or leave it on the table outside of the meeting room.

Continue the mix of government & industry. However, industry should target the audience as other industry members not necessarily users.

Comments on the above sessions

Presentations – such as the last two – that focused on actual projects or processes were more useful than generic presentations on structure or management.

2. Please rate the following on a scale of 1 (low) to 5 (high).

   3 Quality and usefulness of material presented

   3 Overall format of conference

   NA Hotel accommodations

   4 Responsiveness of INPUT staff

   2 Conference location

   3 Overall conference rating

3. In order to provide maximum benefit to your firm, in what month do you suggest this conference be held?

   _____

4. What did you like most about the conference? _____

   _____

   _____

5. What did you like least about the conference? _____

   _____

   _____

6. What conference changes/improvements would you suggest? _____

   _____

   _____

Comments on the above sessions

Relevant and informative.

- over -

2. Please rate the following on a scale of 1 (low) to 5 (high).

5 Quality and usefulness of material presented

5 Overall format of conference

5 Hotel accommodations (not including lodging)

5 Responsiveness of INPUT staff

5 Conference location

5 Overall conference rating

3. In order to provide maximum benefit to your firm, in what month do you suggest this conference be held?
No preference, except not September or December

4. What did you like most about the conference? Recent discussions and procurement policy discussions — Frank, Reed, McBreyer

5. What did you like least about the conference?
Detailed program discussion on specific programs.

6. What conference changes/improvements would you suggest?
Perhaps more "futures" discussion; a panel might be fun & compare opinions on issues such as peer vs. project a future of system integration. In some clients, a discussion of the procurement / learning process on large programs might be useful as well.

Thank You! Good job!

Please return this completed form to Jan McDaniel at the end of the final conference session or leave it on the table outside of the meeting room.
